tecnologia per il futuro

Espressione tecnologica evoluta: impasto colorato e applicazioni "a secco", tecnologie ad alto contenuto in termini di resistenza.

Evolved technological expression: coloured body and "dry" applications, technology with high contents in terms of resistance.

Expression technologique avancée: une pâte colorée et des applications "à sec", des procédés techniques haute résistance.

Hochentwickelter Ausdruck der Technologie: gefärbte Masse und "trockener" Auftrag, hinsichtlich der Widerstandsfähigkeit umfassende Technologien.

Передовое выражение технологии: цветная смесь с нанесением "в сухую" и технологии с высокой степенью прочности.

## il colore dei sogni

La quarzite interpretata dall'uomo, nella ricerca della forma e del colore: sognando i propri spazi vitali.

Quartzite interpreted by man in the quest for shape and colour: imagining one's own living spaces.

L'homme interprète le quartzite, dans la recherche de la forme et de la couleur: des espaces de vie tels qu'il les a toujours rêvés.

Der durch den Menschen bei der Suche nach Form und Farbe genutzte Quarzit: den eigenen Lebensraum erträumen.

Воплощённый человек кварцит в поиске форм и цвета: воображая свои жизненные пространства.

# ORO

## idealismocontemporaneo

Il gusto della novità, seguire le tendenze: assoluta facilità e libertà di impiego in diverse situazioni d'ambiente.

All-involving, attractive, fascinating in the expression of its colours and in its being, so textured and real.

Séduisante, captivante, fascinante dans l'expression de ses coloris et dans sa matérialité.

Mitreißend, faszinierend, reizvoll im Ausdruck der Farben und in der derart materiellen und echten Beschaffenheit.

Обворожительная, привлекательная, чарующая в выражении своих цветов и такой реальной материальности.

# ROSSO

## la forza della materia

Particolarità della struttura, estetica a tutto tondo e grandi prestazioni tecniche: la "compattezza" dei suoi elementi.

Particularity of the structure, all-over aesthetics and high technical performance: the "compactness" of its elements.

Une structure très particulière, une esthétique sans rivale et de grandes performances techniques: la "compacité" de ses éléments.

Besonderer Aufbau, vollkommene Ästhetik und großartige technische Leistungen: die "Kompaktheit" der Elemente.

Особенность структуры, многогранность эстетики и высокие технические характеристики: обеспечивают "компактность" элементов.

energia dell'estetica

Coinvolgente, attraente, affascinante nell'espressione dei suoi colori e nell'essere così materico e vero.

Evolved technological expression: coloured body and "dry" applications, technology with high contents in terms of resistance.

Expression technologique avancée : une pâte colorée et des applications "à sec", des procédés techniques haute résistance.

Hochentwickelter Ausdruck der Technologie: gefärbte Masse und "trockener" Auftrag, hinsichtlich der Widerstandsfähigkeit umfassende Technologien.

Обворожительная, привлекательная, чарующая в выражении своих цветов и такой реальной материальности.
